

## YOUNG GIRLS RUINED BY A LAWYER

### DAVID MITCHELL ACCUSED

Declare He Assaulted Them in His Law Office.

Great Scandal Breaks on a Well-Known Broadway Attorney.

NAMES OF SEVERAL GIRLS WILL BE BROUGHT INTO THE NOTORIOUS CASE.

David Mitchell, a well-known attorney-at-law, with offices at 954 Broadway, was arrested today at noon on a felony charge preferred by Evelyn Walker, a fourteen-year-old girl.

#### SERIOUS CHARGES.

Mitchell, who has borne a good reputation heretofore, is not only accused of accomplishing the ruin of one girl, but of several. He is alleged to have enticed many young girls to his offices with promises of presents and gifts of money, and there lured them to their destruction.

The accused lawyer is more than 50 years of age, while the victims whose ruin he is alleged to have wrought ranges from the tender age of fourteen to eighteen years.

#### STARTLING CASE.

The startling revelations concerning the attorney's mode of life was brought about by the arrest of Miss Bernice Brown, a seventeen-year-old girl and Evelyn Walker, as runaways yesterday by Detective George Kyte. Miss Brown resides at the corner of Thirty-sixth and West streets with her parents, who are highly respectable, and the Walker girl resides with her parents at 1015 Pine street. Her father is an engineer on an Arctic whaler.

#### GIRLS MISSING.

The two girls were reported to the police as missing yesterday morning. They were thought first to have spent the night in San Francisco, but it subsequently developed they had spent the time they were missing in Berkeley with friends.

On being severely questioned by Chief of Police Hodgkins and Prosecuting Attorney Leach, the two girls confessed to having accepted gifts and presents from Attorney Mitchell and to have gone to his offices at late hours of the night. They said they were introduced to the lawyer, who is old enough to be their grandfather, by other young girls, who confessed to having been lured to their ruin by the arrested man.

#### PARENTS ANGRY.

The Walker girl was averse at first to swearing to a complaint against Mitchell. Her father and mother, however, insisted that justice and retribution should overtake the smooth talking attorney, who, it is alleged, was responsible for blasting the life of their daughter. The victim is an exceedingly pretty child. She was dressed in a short skirt this morning, wore her hair down, her back and had all the mannerisms of a school girl.

"Bernice and I," said the child

### TWO HUNDRED THOUSAND SILENT MARCHERS

EMPEROR FRANCIS JOSEPH.

### Austrians Demand From Ruler the Right of Suffrage.

VIENNA, Nov. 28.—The Austrian parliament opened today, one of the most important sessions in its history, as it will have to decide the question of suffrage and the nation's attitude toward Hungary, and as the members took their seats a monster popular procession, variously estimated to number from 100,000 to 200,000 workmen, was filing past the parliamentary buildings in silent, orderly, impressive array, thus voicing their universal demand for equal and universal suffrage. Disorders had been freely predicted for today. Practically every store in the city was closed and the iron shutters were down. The authorities had strong forces of police, cavalry and infantry ready to maintain order, but the day has up to the present time passed quietly.

#### COULD NOT CHEER.

The demonstrators were forbidden by their leaders to cheer, sing or shout and obeyed orders strictly, but their demand was emphasized as hour after hour tens of thousands marched past the parliamentary buildings with red flags and banners bearing inscriptions imperially demanding equal, direct and universal suffrage.

#### EMPEROR ON HAND.

Emperor Francis Joseph spent the day at the Vienna Palace, from the windows of which he could witness the silent dealing of his people.

Premier Baron Gautsch von Frankenthurn, meanwhile, was laying before the deputies the government's bill providing for equal suffrage.

Every Austrian male over twenty-four years of age has a vote, but the voters are divided into five classes and the votes cast by certain classes, notably the landed proprietors, various chambers of commerce and urban dwellers are infinitely more effective in securing the election of a deputy

this morning to Prosecuting Attorney Leach, in making her confession, "are not the only girls who went to Mr. Mitchell's offices. We met him through other girls. He treated us fine, giving us presents and money. I do not want to prosecute him, but if it will save any other young girl, I will do so."

Bernice Brown substantiates all that her companion says, and

than the votes cast by the ordinary people to the extent even that some times a dozen land-owners count as much as 300,000 votes cast by ordinary people. The result of this system is that the wealthy classes can secure parliamentary protection and favoritism at the expense of the masses. Consequently, the masses are demanding in no uncertain tones the abolition of all suffrage privileges enjoyed at their expense. The movement applies only to Austria. Suffrage in Hungary is provided for by the recent Fejervary-Kristoffy program and the opposition of the United Coalition party in Hungary to this program because it does not grant the use of Hungarian works of command in the Hungarian section of the army, today stands alone between the Hungarians and the enjoyment of suffrage.

There is much fear in Austria that the new suffrage may deprive the German element in Austria of its long-held political leadership in national affairs.

On this basis there is reason to believe that the suffrage bill will be bitterly attacked by the German deputies, who constitute 206 members out of a total of 428. The Germans are followed by the Czechs with 87 members. The government bill, however, while abolishing the existing suffrage privileges, provides a clear system for determining the number of deputies returnable by the various provinces on the basis of the number of inhabitants in each province, and the total amount of taxation paid in each province by which the Germans will still have 202 members and the Czechs 94. Under this new system the number of Polish, Italian, Croatian, Roumanian and German deputies will be diminished, while the Czechs, Ruthenians and Slavonians will be augmented.

lays the blame on the incarcerated lawyer.

From the evidence at hand the police believe that Mitchell could be sent to the penitentiary on other charges. He made young girls his special prey. Mitchell has had considerable practice before the local courts.

Mitchell's bond was placed at \$5000 by Police Judge Smith.

### HOWISON ASTOUNDS STUDENTS

Professor at the University Says Animals Have Souls.

BERKELEY, NOV. 28.—PROFESSOR GEORGE H. HOWISON, HEAD OF THE DEPARTMENT OF PHYSIOLOGY OF THE STATE UNIVERSITY, STARTLED HIS CLASS IN ETHICS THIS MORNING BY ANNOUNCING HIS BELIEF THAT ANIMALS HAVE SOULS, AND ETERNAL LIFE AS WELL AS MEN. THE DISTINGUISHED PROFESSOR RIDICULED THE IDEA OF MANY REVOLUTIONALISTS WHO SEEK TO MAINTAIN THAT CONSCIOUS LIFE, HAS BEEN EVOLVED OUT OF UNCONSCIOUS LIFE. HE DECLARES THAT IN THE BEGINNING THERE WAS CONSCIOUSNESS, SELF EXISTING AND ETERNAL.

#### LOWER ANIMALS.

Professor Howison stated that one of the remarkable things about Jesus Christ is that he paid so little attention to the lower animals. Buddha was ahead of him in this matter, according to Professor Howison, but Jesus Christ transcended Buddha in his conception of immortality of the soul. Professor Howison's views in regard to animals, and their intelligence has not been given before, and naturally they created a stir in the physiology building this morning.

#### ANIMALS REFLECT.

Professor Howison stated that animals are known to reflect, and if they reflect they must have intelligence. Professor Howison said:

#### HIS REASONING.

"Once you admit that they have intelligence, you must admit that they will exist eternally, just as much as you will. Are animals capable of overcoming the hindrances of their intellectual faculties? I answer, yes. The world has one religion that has recognized the dignity of the lower animal. The remarkable thing about the Christian religion is the fact that so little attention is given to the lower animals. Christ scarcely mentions them. Buddha surpasses Him in this regard, but Buddha had little or no conception of the immortality of the soul from the dignity of individual life. Christ's word on the immortality of the soul is final."

#### THE SERPENT.

Professor Howison smiled as he referred to the biblical story, which describes how the serpent was cursed in the Garden of Eden. He said that the lower animals never bite, until they think they are in danger. Some philosophers think that all religions are founded on fear, which is not so. The Christian religion is founded on love, and love is founded on knowledge.

Professor Howison closed his address by calling attention to the increased regard for the lower animals displayed in the organization of societies for their protection all over the country.

### DEATH IN A CANOE

Body of an Indian Girl is Set Adrift on Lake.

GRAND MARAIS, Mich., Nov. 28.—A frail birchbark canoe, containing what was once the body of an Indian girl, has come ashore near here. The bones of the girl rested on a rich blanket and on the wrists were heavy silver bracelets. The Indians buried the body and was set a drift in the canoe in compliance with some religious rites of the redmen.

### WILLIAM GLAD PEACE IS DECLARED

EMPEROR WILLIAM OF GERMANY.

### Welcomes Japan Among the World Powers and Gives Advice to Russia.

BERLIN, Nov. 28.—Emperor William opened the Reichstag today at noon in the White Hall of the Palace, himself reading the speech from the throne. The speech was occupied chiefly with domestic affairs. Turning near the close of the speech to foreign affairs, the Emperor said:

"The German empire has with all powers correct, and with most of them, good and friendly relations. It filled me with high satisfaction that I was able to support the successful efforts of the President of the United States in bringing about peace between His Majesty the Emperor of Russia and His Majesty the Emperor of Japan.

"I greet Japan's entrance into the ranks of the great powers with sincere wishes for the peaceable civilizing mission of this highly endowed people and my lively sympathies attend the efforts which the neighboring, friendly Russian empire is making toward a new order of things in its internal affairs. I hope that His Majesty the Emperor Nicholas may earn the love and gratitude of his people as the pathfinder of Russia's happy future."

The Emperor also expressed his congratulations to Norway's government and people upon the election of the "Royal Couple to whom I am bound by friendly sentiments."

#### THE EMPEROR, CONTINUING, SAID:

"A glance of Germany's own internal possessions cannot fail to disclose the fact that we have continually to reckon with misconceptions of German ways of thinking and prejudices against the progress made by German industry. The indifference which arose between us and France in the Morocco question had no other origin than in a disposition to settle without Germany's participation, questions on which the German empire also has interests to protect."

#### NAVAL POWER.

In the earlier part of his speech the Emperor emphasized the necessity for increasing Germany's naval power abroad in view of the increasing trade relations with all over-sea countries. He mentioned in detail the naval measures already cabled to the Associated Press, announced further social reforms legislation, insisted on the necessity for augmenting the financial resources of the empire and expressed his expectation of an early ending of the southwest African insurrection.

#### BRAVERY OF TROOPS.

His Majesty, who had been reading his speech in a cold, monotonous tone, until this point, adopted a warm, eloquent manner in speaking of the bravery and self-denial of the German troops and the members of the Reichstag, who had listened silently hitherto, returned a vigorous "bravo" as the Emperor announced further legislation for railway building in the colonies and transforming the colonial bureau into a separate ministry. Upon the conclusion of the speech Chancellor von Bulow announced the formal opening of the Reichstag, and Count von Lerchenfeld, a Bavarian member of the Bundesrath, called for three "hocs" for the Emperor, which were given vigorously.

The Empress sat in the gallery with several princesses during the ceremony.

### MAY GIVE SHOT FOR SHOT

Officers Fear to Give the Order to Troops to Fire.

ST. PETERSBURG, Nov. 28, 5:02 p. m.—The government announced today that unless the mutineers at Sebastopol surrender before midnight, armed forces will be used. But there is grave doubt here whether General Baron Mellor Gakolskie, commander of the Seventh Army Corps, who is in charge of the situation, dare put the soldiers to the test of firing on their comrades.

It is significant that although the crews of the local ships refused to join the mutineers, they declined according to the dispatches to carry out orders to put to sea. This may indicate their purpose to stand by and meet force with force in the event of the soldiers and artillery ashore marching on the sailors' barracks.

### 2 BURNED TO DEATH

Inmates of Residence Compelled to Leap For Lives.

NEW ORLEANS, Nov. 28.—Two lives were lost in the burning of a two-story residence at 1917 Euterpe street early today. Seven members of the Klein and Lapps families occupied the three second story bedrooms and were fast asleep when passers by discovered flames on the first floor. Pistol shots aroused some of the inmates. The stairway, however, had burned away and they were compelled to jump for their lives. Before they could be reached, Mrs. Mary Lapps, an aged woman, and John Klein, a boy of 10, were suffocated.

### ROANOKE NOW ALL RIGHT

STEAMER SUSTAINS NO INJURY BEYOND LOSS OF RUDDER.

SAN FRANCISCO, Nov. 28.—The Merchants' Exchange received a message from Eureka, Cal., this morning, stating that the steamer Roanoke, bound from Portland, Or., to San Francisco, which struck the Humboldt bar yesterday afternoon, sustained no serious injury beyond the loss of her rudder. The tug Ranger, which went to the assistance of the disabled vessel, remained by her all night. This morning a jury rudder was rigged and the Roanoke proceeded on her way.

### WOMAN NOT GUILTY

BESSIE VENCELAU, ACCUSED OF THE MURDER OF HER HUSBAND, WAS FOUND NOT GUILTY THIS AFTERNOON. HER PLEA WAS SELF DEFENSE.

PLEADS NOT GUILTY. WASHINGTON, Nov. 28.—William B. Crawford of New York City was today placed on trial for the second time on his plea of not guilty.

**WOMAN DEFENDS HERSELF TWO ORDINANCES FOR SHOOTING HUSBAND ARE SIGNED**

**Mrs. Bessie Vencelau Goes on the Witness Stand in Her Own Behalf.**

The dying statement of Manuel P. Vencelau, who was killed by his wife at their home at 755 Jefferson street on September 18, was not allowed to go before the jury this morning and the probability is that she will be speedily acquitted before the afternoon is over. With the offer of the dying statement, the prosecution closed its case against the woman, and Attorney A. L. Frick then made a motion to have the jury instructed to acquit the prisoner.

Judge Elsworth, however, was not prepared to do this, and denied the motion and the defendant then took the stand and told her side of the story up to the point of telling why she got the pistol, which, she said, she did for the purpose of shooting herself.

**HAD THREATENED.**  
When Attorney Frick asked his witness why she wished to shoot herself the question was objected to, and Attorney Frick stated to the court that the purpose of the question was to show that the deceased had threatened to leave her unless she consented to go into or open a house of ill repute.

The objection to the question was sustained by Judge Elsworth, and Frick then turned the witness over to Deputy District Attorney Everett Brown, who went into the details of the shooting without being able to alter materially the story as told by herself and corroborated by the witnesses that had been put on the stand.

The ruling out of the dying statement of the dead man crippled what case there was against the defendant, but it was

**THE "WILLOWS" CONDEMNED—TRACTION COMPANY MAY LAY TRACKS.**

Mayor Mott this morning signed the ordinances condemning the "Willows" for park purposes and granting the Oakland Traction Company the right to lay and maintain tracks along East Fourteenth street between First and Twelfth avenues.

The condemnation proceedings will not begin at once as far as the "Willows" is concerned, but will be taken at a subsequent time. The ordinance was more of a precautionary measure, designed to give warning that the city contemplated the acquisition of the land for park purposes.

**ACCUSES FORMER SWEETHEART**

Miss Amelia Gomez, residing at 1769 Goss street, reported to the police this morning that her former sweetheart, Joe Mendoza, chief cook in the local Pullman service, had visited her place yesterday and stolen two rings and a pistol.

The woman says that she broke off relations with Mendoza six months ago. She had no trouble with him until yesterday, when he called and forcibly took the things, as complained of.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

**GOOD VAUDEVILLE AT THE NOVELTY**

Genuine vaudeville is the title for the show at the Novelty Theater this week and judging from the laughter and applause from the big audiences attending the three performances yesterday the theater goers are pleased beyond measure. All of the seven numbers are excellent and are quite so varied that they are bound to suit the majority of all vaudeville attenders.

The program opens with the five Durands, who offer a musical melange on various instruments that shows careful study. They conclude their act with the representation of an Uncle Tom's Cabin band on parade.

Delasia, a musician of rare merit, mystifies his audiences with some exceptionally clever sleight-of-hand work and some mechanical tricks never seen here before. The Durant Sisters, two diminutive song and dance soubrettes do a neat turn in their line that catches on immensely. A ventriloquist act, the like of which has not been seen or heard in this city for many years, is that of Prof. Durand, in which he introduces some original figures and uses the double and quick change voices to marvelous advantage and his comedy with his figures is great and creates many a laugh. The farcical comedian, Gilbert Saroni, with his sunny old make up, does what he calls a comedy skit entitled "The Giddy Girl" that is a roar from start to finish, and is destined to be the talk of the town this week.

The last act on the bill, but far from being the least, is "The Mardo Trio," billed as grotesque comedy acrobats, and they are. This is one of the neatest and best acts of its kind ever seen.

### TALKING MACHINES AT A BIG REDUCTION

Mr. Thomas B. Watson, the popular manager of the Oakland Graphophone Company, is offering some of the best bargains in talking machines ever presented to an Oakland public. For instance, he's giving one the opportunity to purchase a regular \$10 outfit for only \$20, and has 200 machines and 5000 Columbia Records to select from. The photograph in question is a large size disc, guaranteed for two years; it runs two 10-inch records at one winding; with highly finished cabinet, and 24-inch horn, and with it goes 200 best needles and six 10-inch Columbia Records, all for \$20. Just think of it! There is nothing more appropriate for a Christmas present. Mr. Watson invites the public to call in and hear the phones play and inspect them, the store being open evenings until 9 o'clock. The well appointed quarters of the Oakland Graphophone Company are located at 472 Eleventh street, between Broadway and Washington, Bacon Block.

guaranteed for two years; it runs two 10-inch records at one winding; with highly finished cabinet, and 24-inch horn, and with it goes 200 best needles and six 10-inch Columbia Records, all for \$20. ### SAYS SHOOTING IS ACCIDENTAL

JACK COLLIER HAS NO COMPLAINT TO MAKE AGAINST FRIENDS.

Jack Collier, a local salaried man, and William Sullivan, T. Thayer, W. Kelleher, and J. M. Brod, were temporarily taken into custody last night by the police as the result of the accidental discharge of a revolver in room 2 in the Astor House last night, which splintered the walls in the room and wounded Nelson Rowland on the scalp.

Collier was examining the pistol when it was discharged. It was at first thought that Rowland had been hit by the bullet, but after he had been taken into the receiving hospital it was ascertained that the wound was made by a flying bit of glass.

After being bandaged up, Rowland went to police headquarters and stated that the affair was entirely accidental and that he had no complaint to make.

"On this statement the men were released."

### NO WEDDING BELLS AT THE CRESCENT

The Crescent Theater was crowded last night when "No Wedding Bells For Her" was presented by the popular stock company. The play itself is exceptionally strong in its tenor, and the excellent work of the actors held the attention of the audience.

The plot deals with the great strike which took place in Pennsylvania when John Mitchell came before the public eye and in the role of the great labor leader, Landers Stevens, who took the laurels which he already possessed. Stevens' work not only does credit to his past reputation, but the dramatic scenes in which he is called upon to interpret a great part, brings well-merited applause. Landers Stevens certainly reads his lines with exceptional intelligence.

George Cooper as Mr. Hammond, is very strong in her work, and while her popularity cannot be questioned, her work in this new role does her even greater credit than she has ever enjoyed.

Pietro Soso is cast in a part just suited to his particular line of work. As the villain, Soso is very strong, and the way he enters into the spirit of the part marks him as an actor of exceptional powers of faithful and dramatic interpretation.

One thing in particular that is noticeable in connection with the management of the house under Mr. Callahan, is the accommodations provided for the patrons of the theater. Heat has been furnished and the stage settings are very elaborate, much new scenery having been purchased. The Crescent seems to be far and away successful in its installation of a stock company and the crowded houses only emphasize the popularity of the house. The play is good, the theater warm and comfortable.

### ROGERS TO TESTIFY

NEW YORK, Nov. 28.—Henry H. Rogers today was served with a subpoena directing him to give the testimony in the suit brought by the State of Missouri against the Standard Oil Company. The testimony will be taken by a commission in this city December 4.

### BICYCLE STOLEN

J. F. Lind reported to the police this morning that a bicycle belonging to E. B. Taylors, 1218 Tenth avenue, had been stolen yesterday.

L. Bulger was in Suisun on business last week.

## ANNUAL GAME DINNER BY COLLECTOR BARBER

Delightful Menu Discussed by Attaches, County Officials and Personal Friends.

The close of the season for the collection of the first installment of county taxes is always an occasion of rejoicing in the office of Tax Collector James B. Barber, because it brings to an end a period of trying experiences, vexatious annoyances and a host of soul-trying episodes incidental to the efforts of belated tax-payers striving to get their money into the hands of the collector almost at the last moment in order to save the penalty of delinquency.

These features in themselves are sufficient to turn young hairs gray but, when to them is added the responsibility of handling thousands of dollars, so that not a penny shall go unaccounted for, the gratification of the force in the office over a respite may well be imagined.

Ever since Mr. Barber has been in the office of Tax Collector he has made it a custom to signalize this occasion by a game dinner to the attaches of the office, certain county officials and some personal friends.

These dinners are occasions of great social and gustatory delight to the guests, because good fellowship pre-

vails, the viands are of the finest, the ducks being expressly provided for the occasion, and, when the menu has been discussed, there is an exchange of sentiment which renders perfect the pleasure of the evening.

As convivial and congenial a coterie of guests as ever attended such a feast, graced the table last night in appreciation of Mr. Barber's hospitality, the spread taking place in the California Restaurant on Eleventh street.

The menu was discussed with a relish, and the toasts were proposed and responded to in the spirit of the occasion. Judge Harris presided as toastmaster.

Among those present were: Tax Collector Barber, Chief Deputy Tax Collector W. B. Hodges, Judge T. W. Harris, District Attorney Allen, Assistant District Attorney W. H. L. Hynes, Sheriff Frank Barnett, P. M. Hagman, W. J. Lanktree, John Gallagos, Elmer D. Johnson, Mr. Summers, Dr. Wm. Ryan, C. T. Peterson, W. J. Ramage, John Healey, Edward A. O'Brien, George Chase, Frank Webster, E. E. Pedlar, E. F. Farrell, Joseph Kirk, Alford Barber, J. R. Hunter, W. R. Barstow, W. M. Owen.

## RUMORS OF MUTINY

Czar's Soldiers Are Forming Revolutionary Movement.

ST. PETERSBURG, Nov. 28.—There was an exceedingly panicky feeling on the Bourse today, Imperial 4s again dropping to 84. Governmental lotteries, and industrials fell several points. The markets were affected by fear of the spread of wholesale sedition in the army. The radical papers are filled with reports of meetings of soldiers at different places and the adopting of resolutions calling for public trial of soldiers, the abolition of the death penalty, an increase of pay, a cash allowance in place of food and clothing, and a reduction of the term of service to four years. The similarity of the resolutions is proof that they were inspired from a common source, and show the growth of the revolutionary propaganda among the troops.

The reports from the Manchurian army are also disquieting. Many officers and soldiers involved in the revolt at Harbin have been arrested and a number of agitators who arrived there from European Russia were caught red-handed by General Linovitch.

From Tiflis and Kars, Trans-Caucasia, come reports that the soldiers are taking a stand against firing on the people, and private dispatches from Odessa say the soldiers and sailors at a meeting held at the university last night, decided in the event of the Sebastopol mutineers bringing the Black Sea fleet to Odessa, to join the mutineers and take possession of the city.

## SAILORS LOCKED UP

Crew of British Bark Are Put in the Forecastle.

SAN PEDRO, Nov. 28.—The crew of the British bark Haddon Hall, who were reported in mutiny, are still aboard the vessel, but demanding their pay and discharge.

The Haddon Hall reached this port yesterday from Iquique, Chile, in ballast, and put in to seek cargo for British Columbia ports.

When the vessel came into port the sailors demanded their discharge, saying their contract called for their dismissal at the first port of call.

The captain refused to discharge them and locked them in the forecabin until the vessel put to sea.

The British vice-consul at Los Angeles arrived in San Pedro this morning to settle the trouble between Captain Daldin and the crew.

There is nothing like a serious mutiny aboard the Haddon Hall.

## SHIPPING MONOPOLY PROPOSED

Big German Steamship Officials to Hold Meeting.

NEW YORK, Nov. 28.—A cable dispatch to the Herald from Berlin says: Owing to the efforts of influential personages a meeting has been arranged in Berlin between Herr Ballin, the managing director of the Hamburg-American line, and Dr. Weigand, managing director of the North German Lloyd, and several other officials of both companies, when the matters now in dispute will be discussed. Herr Ballin has already arrived and Dr. Weigand is expected shortly. The opinion prevails here that Herr Ballin has attempted to obtain the world's monopoly in German shipping, similar to Mr. Rockefeller's position in the petroleum market. It is proposed that, failing an agreement at the meeting, the dispute be referred to arbitration. In the dispute with the Cunard Company Herr Ballin suggested Gerald Balfour as arbitrator.

### MUCH IN EXCESS.

NEW YORK, Nov. 28.—Applications received in the first few hours after the subscriptions were opened today for American portions of the latest Japanese loan were much in excess of the total amount allotted to this country. The loan will probably be closed tomorrow.

## THE STEINWAY PIANO

Those who are most competent to judge, concede that the STEINWAY PIANO is the best in the world; presenting to its admirers a completeness, an artistic finality sought for in vain in other pianos. This individuality is the ripe product of growth, of evolution, of artistic atmosphere.

A thousand life-trained workmen, artisans of the highest type, are required to produce the Steinway. No one of them alone can accomplish the task; it takes them all working harmoniously from year to year. Each part, seen and unseen, must be wrought carefully, lovingly, then all the parts must be combined into an artistic unity.

Steinway Uprights \$525 and up.

Steinway Grands \$800 and up.

Easy payments can be arranged.

**SHERMAN, CLAY & CO.**  
Broadway at Thirteenth

## WHO CAN FIGURE OUT THIS MYSTERY?

Editor TRIBUNE—A very remarkable and most perfect mirage is to be seen almost any slightly foggy morning near the Key Route Piedmont depot, usually about 8 a. m. The most recent one was of a painter dressed in white, carrying his pot and brushes along the street one block west of the depot. His reflection was seen high in the air, just over the Moss avenue eucalypta, about 700 yards to the southeast; and of about five times life size, with every outline, and also movement clearly visible, as long as the painter remained in sight of the passengers on the Key Route train.

The previous mirage was of a bicyclist on his wheel, moving south on the same street, one block to the west, and the reflection was thrown exactly to the same exalted position above the Moss avenue treetops. We leave others to fathom this mystery and its cause. It brings to our mind the "Spirit of the Mountain," similarly described by Hoge, the Elric shepherd, a friend of Sir Walter Scott's.

415 Call Building.

### DR. BRUGUIERE IS SUED FOR DAMAGES

G. Armanino has brought suit against Dr. Pedar Sather Bruguiere for \$5416 damages, a recoupment of injuries received on May 25th of this year, when an automobile run by Dr. Bruguiere ran into his cart at Thirtieth and Telegraph avenue, throwing him to the ground. In the automobile at the time of the collision were Eddie Haulon and George Croll, the latter, son of the proprietor of Croll's Gardens in Alameda. Armanino states that they were going at the rate of forty miles an hour when the accident happened. The men were arrested at

the time for violating the speed limit ordinance. Luigi Armanino was in the cart with Armanino at the time and it is understood that he, too, will bring suit for damages shortly.

### LEAVES MONEY TO BERKELEY SEMINARY

FRESNO, Nov. 28.—Mrs. Jessie Powis who died in this city on November 13th, leaving a \$10,000 estate, bequeathed one-third of it for religious purposes, of which all but \$1000 is left to the Pacific Theological Seminary at Berkeley. Mrs. Powis was a member of the Baptist Church, and \$1000 is to go to local missions of that denomination. The remainder is to be used to aid needy scholars studying at the Berkeley institution.

## TOMPKINS MAY NOW BE RETIRED AS WARDEN

J. M. Oliver and Sheriff Veale Are Mentioned as Probable Successors at San Quentin.

(S. F. Call, Nov. 28.)

Warden J. W. Tompkins of San Quentin prison is said to be slated to go, and either Clerk J. M. Oliver of the prison or Sheriff Veale of Contra Costa county is billed for the place, says the report.

This move is explained as in part the result of friction between Governor Pardee and Secretary of Commerce Victor H. Metcalf. Warden Tompkins was appointed by the influence of Metcalf.

The breach between Pardee and Metcalf is becoming generally known over the State. It is said to have been started over the appointment of a new postmaster at Berkeley. Pardee wanted a new man to occupy the position and Metcalf insisted that Postmaster George Schmidt be continued in office. Schmidt has hung on for four years now and still holds the reins in the Berkeley office.

### ANXIOUS FOR NEW HEAD.

Governor Pardee is anxious to give F. W. Richardson, proprietor of the Berkeley Gazette, the place of postmaster at Berkeley. Of course, Governor Pardee has not been seen actively advocating the appointment of the Berkeley editor, but Charlie Spear, the head of Pardee's forces in the college town, is openly pushing forward the claims of Richardson. In the meantime Schmidt has not been reappointed and the affair hangs fire.

It is stated authoritatively that Governor Pardee did not want Schmidt appointed postmaster at Berkeley any more than he wanted to see Tompkins made warden at San Quentin, but he consented to please Secretary Metcalf. When the question of a new postmaster

at Berkeley arose and he was again disappointed, the estrangement with Metcalf began. Governor Pardee is said to have been looking for an opportunity to repay Metcalf in kind.

In the present Board of Prison Directors Tompkins has several staunch friends, but this fact will not, it is said, stop them from appointing another man to fill his place as head of the prison.

### OLIVER FRIEND OF PARDEE.

On the other hand, Governor Pardee is a great friend of James M. Oliver, present clerk at the prison. Oliver was appointed from Berkeley by the Governor and is a member of the Spear camp. It has been rumored for some time that he has been after the place now occupied by Tompkins and the accusations of Tompkins that Oliver and Captain Russell have conspired against him may be true enough. In case that Governor Pardee should decide to have Tompkins removed Oliver seems to be the likely candidate for the position.

Yet those who are close to the administration say that Sheriff Veale of Contra Costa county is the man slated for the head of the prison. It is not known who is pushing forward his claims, but he is known to be a friend of the Governor.

One thing that may deter Pardee from making any change is the fact that he has a political fight in Alameda county next fall and he may want to retain Congressman Joseph Knowland and Secretary Metcalf on his side. It is said that the Governor has a hard fight before him and that he will need all the friends that he can muster to do battle for him.

## AUTOPSY REPORT

Blows Were Not the Cause of Death of Midshipman.

ANNAPOLIS, Nov. 28.—When the court-martial in the case of Midshipman Meriwether Jr. resumed its sessions today, Surgeon A. M. McCormick was recalled for the purpose of verifying his testimony.

Surgeon E. D. Gatewood was the first witness to testify as to matters connected with the autopsy. He gave a minute and technical description of the condition which the autopsy revealed in the case of Branch. He said that there was no fracture of the skull nor injury to the membrane of the brain except that brought about by the surgical operation. A large clot was found, however, under the membrane of the brain. The spinal cord, heart, lungs and kidneys were found in normal condition without evidence of previous ill health in these organs.

Surgeon Gatewood said that he believed that it was more likely that the injuries were received by Branch's head having come directly in contact with some hard object rather than by fist blows. In his opinion the primary cause of death was hemorrhage. It increased the fluid outside of the brain. The increased pressure on the brain substance caused death.

Surgeon Gatewood was rigidly examined by Dr. E. W. Glazebrook and Surgeon E. D. Stokes, the medical experts of the defense and prosecution, respectively.

On cross-examination the witness said that there was nothing shown at the autopsy which disproved that the injuries had been caused by the fist blows.

### ASKED FOR HELP TO SAVE CITY

SEBASTOPOL, Nov. 28.—The time limit allowed the mutinous sailors to surrender expires today. The command of the cruiser Otechakoff, whose crew mutinied, has been assumed by Lieutenant Schmidt, who was cleared from the service on account of his revolutionary tendencies. The town Council has asked for help to save the city.

### PRINCE'S SQUADRON IS AT GIBRALTAR

GIBRALTAR, Nov. 28.—The second British cruiser squadron, commanded by Rear Admiral Prince Louis of Battenberg, and consisting of the Drake, flagship, and the Brevick, Cumberland, Essex, Cornwall and Bedford, which left New York November 20, arrived here today.

### COLD WEATHER IN IN EASTERN CITIES

CHICAGO, Nov. 28 (7 a. m.).—Temperatures: New York, 36; Boston, 28; Philadelphia, 34; Washington, 30; Chicago, 58; Minneapolis, 34; Cincinnati, 30; St. Louis, 38.

CHARGE DISMISSED.—The charge of obtaining money under false pretenses brought by J. E. Hagg against William Barrie, was dismissed this morning by Police Judge Smith on the motion of the prosecuting attorney. The men have adjusted their differences.

## UNIVERSAL SUFFRAGE

Thousands of People Parade Streets of Vienna.

VIENNA, Nov. 28.—Some 200,000 representatives of labor made a demonstration before the department buildings today and paraded the streets of the capital in support of their demand for the election of members of the Reichsrath by universal equal and direct suffrage.

The demonstration was under the auspices of the Social Democrats. Most of the factories and many of the shops and offices were closed. The procession, marshaled on Karls Platz and headed by banners, marched to the public buildings, where a speech was made by a petition for universal suffrage to the premier and presidents of both houses.

The demonstrators were sympathetic. They said they recognized that the foremost duty of the Legislature was to listen to the cry for an extension of the suffrage, which was reaching a feverish pitch, which was reaching a feverish pitch, which was reaching a feverish pitch.

### U. S. CRUISER IS ORDERED HOME

LONDON, Nov. 28.—The United States cruiser Minneapolis, flying the flag of Rear Admiral Colby M. Chester, now at Gravesend, has been ordered to return home. She will sail at midnight for Hampton Roads, Va., calling at the Azores Islands on the way.

### POLICE COURT NOTES.

The charge of battery preferred by George Murphy against Stephen Connolly was dismissed this morning by Police Judge Samuels, as there was no complaint filed.

### DESTROYED BY FIRE.

NEW YORK, Nov. 28.—Several buildings at the United States proving grounds at Sandy Hook were destroyed by fire this morning. The burned buildings include the machine shop, carpenter shop, plumber shop, paint shop and blacksmith shop. The cause of the fire is unknown.

## MOTHER OF ACCUSED LAD CRIES IN COURT

**Mrs. Pembroke is Unable to Give  
Testimony in Behalf of  
Her Son.**

The "Kangaroo Court" is the name given to an institution in all penal institutions where the prisoners express themselves on questions to which any of their number happen to be implicated. They expressed their displeasure of Blaker's action in vociferously taking the stand against one of their own men, and his provocation he must have had for doing so. He says that the prison officials are that it is bad enough to have in jail those who are already there without helping any more to get the same fix. The displeasure of the prison community is shown by their going walking with ropes and simulating a strike with the hope of some conceivable thing that can be done to make a person's lot more disagreeable.

Up to this morning Attorney Blaker was undecided as to whether to pursue with regard to putting George Blaker on the stand. He has had numerous conversations with him, but his testimony in some respects is so different from what others have told regarding the affair that he does not know but that it would only tend to complicate the case still more by injecting new phases into the case. Blaker has said that he would go on the stand and

tell the whole truth about the matter and one of the statements credited to him with regard to the crime that entirely new is the fact that when Cook was struck that he threw the sack of coin that he had with him to the ground and that none of the

Cook was able to reach his own house, after having been beaten, with out aid and fell heavily into his doorway in an unconscious condition.

This fact tends to corroborate to some extent this statement of Blaker's that they did not search his pockets, but picked up the sack of coin and ran in one direction, while Cook continued his way home.

SOME INSIDE FACTS

We have always been ready to back up the Regal shoe. We have stated over and over again that we guarantee the Regal to equal in wear any shoe made, regardless of name or price.

You see we know what goes into Regal shoes, and we know what goes into other shoes, too. We know that every square inch of material in every thousand pairs of Regal shoes is the highest grade that can be produced.

We have often proved that the toe boxes and heel stiffenings are honest solid moulded sole leather; that the vamps and uppers are cut from the best parts of the best leathers ever tanned; that the sole sewing is done with the finest Scotch linen; that the uppers are stitched with the best Japanese silk; and that the workmanship all through is worthy of the materials—the good old-fashioned kind that forms the shoe upon the last so that it keeps its shape. If you can get better shoe value for double the money we honestly don't know where.

Quarters sizes, too! Our quarters sizes are made by the same method as the regular sizes. We have made up 10 special models at 64 per pair. The extra 10 cents enables us to build a wholly new line of shoes that we could never before include in the Regal line. The advantages of the special 64 models over the 18 1/2 and 19 1/2 sizes are: (1) They are made of the best leather and other materials in the line. (2) They are made by the same method as the regular sizes. (3) They are made by the same workmen as the regular sizes. (4) They are made by the same machinery as the regular sizes. (5) They are made by the same method as the regular sizes. (6) They are made by the same workmen as the regular sizes. (7) They are made by the same machinery as the regular sizes. (8) They are made by the same method as the regular sizes. (9) They are made by the same workmen as the regular sizes. (10) They are made by the same machinery as the regular sizes.

LOYAL WOODMEN TO HONOR HEAD CONSUL

Elaborate Preparations For Great Reception Tomorrow Night in Idora Park.

The Woodmen of the World of Oakland, Alameda and Fruitvale have secured Idora Park for tomorrow evening, November 29, for the great reception to be given to Head Consul Boak. This will surely be a red-letter day in the history of Woodcraft in the city of Oakland. Head Consul Boak will have the pleasure of meeting many of his old friends who knew him when he resided in Oakland.

NOW OF DENVER. The Head Consul is now a resident

T. M. ROBINSON, Head Manager Pacific Jurisdiction.

The Pacific jurisdiction, was organized by Manager Boak, and, after his absence of seven years, Boak will have the pleasure of witnessing its splendid maneuvers.

Head Manager Thomas M. Robinson, will take the consul commander's chair for that evening and, assisted by a full set of officers selected for the occasion from the different camps of the order, exemplify the ritualistic work of perfected Woodcraft.

ORIGIN OF WOODCRAFT. Fifteen years ago Woodcraft was launched upon the fraternal sea, and while in those days it promised much today its promises are fulfilled and from being the baby order, it is now the second largest fraternal beneficiary order in the world.

The sterling value of Boak to the order was long since recognized, and his advancement has been phenomenal. He has rapidly climbed the ladder, from a simple member, to organizer, camp clerk, consul commander, head manager, head clerk, and now he stands upon the top round of Woodcraft, head consul.

The Women of Woodcraft will take charge of the splendid program which they have prepared, in the Idora Park Theater. The Park will be open to all friends of the order, and friends of the head consul.

"The Woodmen have entire charge of the grounds, so a splendid evening of enjoyment is promised to all, and under no condition will the meeting be postponed," says Manager A. G. Taft.

MRS. V. A. DERRICK, Grand Advisor, Women of Woodcraft.

of Denver, Colorado, where the head officers are located. He still retains his membership in his favorite camp, Oakland No. 84, where, for two years, he was its clerk, and, for two terms, filled the position of consul commander. In the early days of the order, when in the organization department, he instituted most of the Woodmen camps in this city and county.

Fifteen years ago he installed the first head-camp officers in their respective stations, placing the jewel of head consul upon the breast of T. A.

A. G. TAFT of the General Committee.

Falkenburg, who was one of Boak's dearest friends. The mantle which Falkenburg, the founder of Woodcraft, wore has fallen upon the shoulders of his life-long friend, I. I. Boak. Head-Consul Boak is a fluent speaker and is considered to be one of the greatest exponents of fraternity in the west.

TALK AND INITIATION. The meeting at Idora Park tomorrow night will be one long to be remembered, and not only will the head-consul talk to his friends, but he will assist in the initiation of over one hundred candidates.

Oakland Camp Degree team, under Major E. G. Hunt, will put on the floor work. This team, the oldest in

I. I. BOAK, Head Consul, Pacific Jurisdiction.

DIES AS RESULT OF HEALTH NOTICE

Warning against the use of Witch Hazel. RECENT investigation has disclosed an alarming condition of affairs existing in this widely known family remedy.

It has been proven conclusively that unscrupulous manufacturers have been selling Witch Hazel not only below the recognized standard of strength, but which is adulterated with WOOD ALCOHOL (poison), FORMALDEHYDE (poison) or both.

These conditions prevail throughout the United States and are especially alarming on the Pacific Coast. Of thirty-three samples of Witch Hazel bought of retail druggists and department stores in San Francisco, Los Angeles, Portland, Tacoma, Spokane and Seattle, twenty-seven were adulterated with WOOD ALCOHOL (poison), FORMALDEHYDE (poison) or both.

The sure way to avoid the danger incurred in using these poisonous witch hazels is to use the only standard extract of Hamamelis (witch hazel), sold only in original packages as bottled by the manufacturer.

It is POND'S EXTRACT It costs more but it is worth the difference.

PLAYER IS PARALYZED FROM HIS NECK TO HIS FEET.

SEPALIA, Mo., Nov. 28.—Robert Brown, sixteen years old, who was injured in a football game here last Saturday between local teams, died today. Brown was paralyzed from the neck down and rendered unconscious.

BOSTON, Nov. 28.—The condition of Daniel J. Hurley, captain of the Harvard football team, was improved today. He spent considerable time walking about the buildings and grounds.

BODIES CANNOT BE IDENTIFIED BOSTON, Nov. 28.—No changes were reported today in the condition of the persons injured in the Lincoln Railroad accident. Positive identification was still lacking today in the cases of the bodies of four men and one woman which lay in the city morgue. The failure of identification results from the mutilated and charred condition of the bodies.

SILVER SERVICE GIVEN CRUISER PHILADELPHIA, Nov. 28.—In the presence of many State and city officials and officers of the United States navy now at the League Island Navy Yard, Governor Pennypacker, on behalf of the State, today presented the armored cruiser Pennsylvania a handsome silver service consisting of 143 pieces, weighing nearly 750 pounds and costing \$25,000.

FAIRFAX WHEELAN TO GIVE ADDRESS Fairfax Wheelan is to address the Men's Club at St. Paul's Church tonight on "The Meaning of the Recent Municipal Elections." The unexpected results in many cities makes the subject one of keen political interest and it is assured that no more competent man could present the subject. Mr. Wheelan is the business man who gave up his time and influence to see the ballot-box-stuffers safely landed in San Quentin. His intimate knowledge of political affairs promises a most attractive address.

The meeting is to be held in the Guild Room and all men who are interested in civic affairs are most cordially invited to attend. As is usual with St. Paul's Club a buffet lunch is served after the address. No cards of admission are necessary.

BE CAREFUL ABOUT BUYING BOOKS Serious errors have been made by some of the teacher in the Oakland School Department in requiring pupils to purchase books not authorized by law. In the future all teachers are to refrain from ordering books purchased by the pupils unless directed in writing or in person by the principal of the school to do so. Principals are instructed to see that the order is strictly enforced.

EBELL CLUB. An interested audience assembled today at Ebell to hear the splendid program presented by the Shakespeare section of the club. The sketch entitled, "When Mr. Shakespeare Comes to Town," written by Mrs. J. R. Scupham, was a clever bit of work, and the characters in the cast were well sustained. The choruses included all the members of the section and the play was very acceptable and entertaining.

The musical program included songs by Mrs. Frederick Stratton, who always pleases her audience and Mrs. E. L. Dow, and Mrs. Parcells also held a prominent place in the music of the afternoon.

There were four principal characters who appeared in costume—Mr. Shakespeare, Mrs. John Bakewell; Mrs. Shakespeare, Mrs. C. B. Parcells; Juliet, Mrs. E. W. Owens; Ophelia, Mrs. H. L. Courtain. The Shakespearean songs by Mrs. Frederick S. Stratton were: (a) "Orpheus With His Lute," (b) "Hark, the Lark," (c) "Cymbeline," (d) "Under the Greenwood Tree." "As You Like It," (F. A. Johnson). Mrs. Edgar L. Dow sang "When Mr. Shakespeare Comes to Town," the song from which

PLAN FOR LABOR CONVENTION

AMUSEMENT COMMITTEE TO HOLD A SPECIAL MEETING.

ING.

The Amusements Committee of the Arrangements Committee for the coming annual meeting of California State Federation of Labor to be held in Oakland in the first week of January next, will hold a special meeting at Central Labor Council headquarters, 433 Eighth street, Wednesday evening of this week, November 29th.

ADDITIONAL DELEGATES. At the last meeting of the Arrangements Committee for the above meeting of the State Federation, Saturday evening last, additional delegates from local unions were admitted and seated as follows: R. F. Collins, Berkeley, and W. Berry from the Box Makers; D. W. Bonasack, additional delegate from the Sheet Metal Workers; W. O. Wells, additional delegate from the Laundry Workers; J. J. Merritt and W. Rainey, delegates from the and Mineral Water Drivers' Local, No. 610; W. Remmers and A. Massie from Brotherhood of Carpenters Local, No. 38; C. Marenco and J. D. Purrott from the Shermans in Reno, salary and tips not having gone below \$1.50 a day for several weeks. Of course living is high.

WAVEFARES' REPORTS. Recently arrived union waiters from Reno, Nev., report that Reno cannot get cash fast enough at \$15 to \$25 a week. The overland is paying \$10 a week for waiters, the Golden \$17, and the Owl is paying \$10 a family in Golden. The wages are \$8 and \$1 a day, pay every night. Some party reports making \$35 a week while waiting in the Sherman in Reno, salary and tips not having gone below \$1.50 a day for several weeks. Of course living is high.

ANTAGONISTIC. Notice was received that the Worley Stone Company of Newark, Ohio, who are antagonistic to the Metal Polishers and Buffers of New York.

INDIANAPOLIS, Ind., Nov. 28.—The National Executive Board of the United Auto Workers of America, composed of Representatives of twenty-three districts of the United States, is in session at the headquarters of the organization in this city.

The board was called to order today by President John Mitchell. Arrangements will be made for the coming national convention of the Union, which will meet in this city on January 15th. On January 26th the joint convention with the operators will be held.

SEEM TO HAVE NO NEED FOR AID If the replies received to letters sent out by the Board of Trade last week to the secretaries of all improvement clubs and mercantile organizations in the bay counties are any criterion to go by, there is not much need for government aid in this section.

The letters were sent with a view to ascertaining what government aid was needed in improvements in all the bay counties and as yet but two replies have been received, one from the West End Alameda Improvement club and the other from the Greater Richmond club. The data was asked for to assist Mayor Frank J. Mot in getting up a paper to be read at the convention to be held in Santa Barbara December 16, under the auspices of the California Promotion Committee. At this meeting the subject will be, "The Needs of Government Aid in California."

GEORGE AUSTIN IS BUSY. George W. Austin reports the condition of the market as better than ever expected for the month of November. He has just taken up a tract of land on Apper, West and Grove streets, and has sold seven of the lots in the past few days to parties who are all building homes there. The many new electric lines building and proposed make the market good in the territories contiguous to such lines. Many San Francisco people are buying homes in Oakland and are induced to do so by the excellent Key Route service and improved Southern Pacific service and promise of ten minute boat service on Key Route line.

Mr. Austin has just put on the market the Cordes tract, extending from San Pablo avenue to Market street at Twenty-fifth street, and located right at the place where the second station of the new Key Route service will be. There has been an exceptional demand for this property and it sells rapidly. Several houses will be built immediately. This office has also put on the market a tract of lots at Half Moon Bay that are selling very rapidly.

Mr. Austin has closed a great many miscellaneous sales during the month of November. He was too busy to give a detailed account of each of them, but promises to do so for a later issue.

MISS IRENE CROSBY Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes: "Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling inflammation or ulceration of the uterus, ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by its doing.

PAINFUL PERIODS AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes: "Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling inflammation or ulceration of the uterus, ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by its doing.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

# MINISTERS DENOUNCE DIVORCE PLAN A FIGHT TO SWEEP THE UNITED STATES

## DIVORCE PROBLEM SOLVED BY CANADA?

ALBANY, Nov. 28.—Bishop William Croswell Doane, in an annual address before the convention of the Diocese of Albany, of which he is the head, said in part:

"Under the provisions of a canon adopted by the General Synod, no clergyman within the jurisdiction of the Church of England in Canada can solemnize a marriage between persons either of whom shall have been divorced from one who is living at the time.

"I could have wished that we, upon whom the presence of the danger of the pressure of the duty is set more strongly than upon the Canadian Church, could have led in this movement, but I have great heart of hope that we shall follow at our next convention.

"Surely it becomes us, in the face of our sorer need, to apply this one sure remedy, which shall at least rid the church of all responsibility and lift the standard of reform to influence public opinion and the legislation of other religious bodies. It is high time for us to make impossible the prostitution of our marriage service, by using it under circumstances that falsify and contradict its essential language."

## WEDDINGS FOR THE SMART SET

MISS MARION COYLE, who sang at the charity musicale given at the Dodge home recently.

## Miss Spreckels is the Bride of Mr. Hamilton--Personal and Social Notes.

Last evening in the presence of a small company of relatives and close friends, Miss Grace Spreckels, daughter of Mr. and Mrs. John D. Spreckels, became the bride of Alexander Hamilton. The ceremony was performed in the white and gold room of the Spreckels home on Pacific avenue, where white roses and carnations were arranged to form a bower in the wide bay windows, with a background of pink silk curtains.

Miss Spreckels was given into the groom's keeping by her father. Her wedding gown was a white lace Princess robe over white satin with a full court train. She wore a veil of white tulle, and carried a bouquet of white orchids and lilies of the valley. The bride was attended by her sister, Mrs. Harry Holbrook, and Robert Woodward acted as best man.

The officiating clergyman was the Rev. George C. Adams. Mr. and Mrs. Hamilton will spend several months in travel through Europe, and will return to make their home in San Francisco.

### QUIET WEDDING.

The marriage of Miss Edith Church and Richard Burke of San Francisco took place Saturday evening at the home of Mr. and Mrs. George W. McNear, Sr. The bride is the daughter of Mrs. A. R. Church and niece of the George McNear. The wedding was a quiet affair, attended only by a score of relatives.

Miss Abba Church, gowned in blue embroidered crepe, and carrying white prosperity carnations, attended her sister as maid of honor.

The bride was gowned in rich meringue satin and white lace, with a long veil and wreath of orange blossoms. She carried an armful of lilies of the valley and ferns. Rev. E. R. Dille performed the ceremony.

Mr. and Mrs. Burke have gone on a brief honeymoon trip and on their return will make their home in San Francisco.

Another wedding of interest will be that of Dr. William J. Pierce of Alameda, and Miss Esther E. Nelson of San Francisco, which will take place on Thanksgiving day.

Dr. Pierce is building a home for his bride on Chestnut street and Central avenue.

### AMONG THE GUESTS.

Mrs. Henry Wetherbee of Fruitvale was among the guests last evening at the assembly dance in the ball room of the Palace Hotel. Mrs. Wetherbee's gown was heavy white lace over white satin, the corsage trimmed with pink crushed roses. Her ornaments were diamonds.

Miss Eleanor Phelps, daughter of Captain Thomas Phelps, U. S. N., made her debut. She was prettily gowned in pale blue crepe de chine.

### GUEST OF HONOR.

Miss Emily Chickering, the charming

## ABUSE OF WEALTH AND GAMBLING CONDEMNED

### Resolutions Voice the Stand of 18,000,000 Church Members in America.

NEW YORK, Nov. 28.—The representatives of the 18,000,000 members of twenty-eight Protestant church denominations of America, who have been in conference on the question of church federation for a week at Carnegie Hall, passed a set of resolutions making a definite disposition of the divorce problem and denouncing the existing system of political and commercial "graft."

The resolutions urge the pastors of all Protestant churches strictly to observe the New Testament ideals as to marriage and remarriage. This declaration on the divorce problem was explained by the Rev. Wallace MacMullen, chairman of the Pulpit Supply Committee, to mean that the churches shall not sanction divorce on any except the statutory grounds. In case of such divorce the remarriage of the innocent party only will be sanctioned.

The resolutions practically lay down divorce rules for the guidance of the Protest Christians of the nation.

In dealing with political and commercial corruption, the ministers of the country yesterday, for the first time, officially recognized the term "graft" as a synonym for "dishonesty." Several of the delegates wanted the Federation to eliminate the word "graft" from the resolutions, but the majority voted that "graft" was the only word which conveyed the full idea of the existing commercial and political vices. The following resolutions were passed:

### Concerning the Family

"Whereas, The foundations of all society is the family,  
"Resolved (a), That we urge upon parents the supreme importance of family religion, including the careful religious education of the young;

"(b). That we urge upon law-makers the need of uniform divorce laws, and that these laws shall conform to a high standard;

"(c) That we urge upon officiating ministers the strict observance of New Testament ideals as to marriage and re-marriage.

"(d) That in the interest of the family, as well as of general social order and individual welfare, we urge upon those who make laws and upon those whose duties it is to enforce the laws that the manufacture and sale of intoxicating liquors as a beverage should be restricted to the utmost limit righteously enforceable."

### Concerning the Social Order

"Resolved, That private capital in every instance ought to be administered as a sacred trust for the commonweal—this not merely in the distribution of surplus wealth but also in all the active, productive uses of capital, the law of God requiring not only beneficence instead of corrupting extravagance, but also instead of greedy production, productive activities conducted on lines most considerate of the ultimate well-being of the whole community and the immediate welfare of the immediate workers.

"(b) That we see in the numerous revelations of 'graft' in many high places of business and politics the system of a widespread commercialism which Jesus called 'covetousness' and condemned more severely than any other vice, and which has in our time sanctioned many customs that are not only wicked, but criminal, and we urge that, while public indignation is aflame, all unrighteous political and commercial customs of rich and poor shall be brought to the bar of conscience by faithful preachers, teachers and publicists, and especially that the pernicious doctrine that 'corporations have no souls' shall be set aside for Milton's great teaching that nations, and therefore parties and all associations, are 'moral persons,' to the end that the highest standards of honor and honesty that men set for themselves in individual action may be maintained also when they act together, whether in religion or business or politics.

### Condemn Popular Gambling

"(c) That we believe the manifold and often disguised forms of popular gambling, now in vogue, especially betting on elections and on college games, and the use of prizes in social games, should prompt the churches to increase warnings and instruction on the subject, that all may know, in the words of the New York Supreme Court, that 'Whenever it is determined by chance what or how much one gets for his money, it is a lottery,' and also that the essence of the sin of gambling consists in trifling with the sacred trust of property, and in getting something of value in a business transaction without a fair exchange.

"(d) That in the enactment and enforcement of laws against impurity we believe the great saying of Gladstone should be decisive, that 'It is the purpose of the law to make it as hard as possible to do wrong, and as easy as possible to do right,' and this principle as well as the results of experience, we believe, to be against all schemes of segregation and regulation, and that in the words of President Roosevelt, 'The only way to reduce the consequence of this vice is to reduce the vice,' which can be accomplished by educating our youth in the laws of purity and by protecting them against foul literature and pictures and shows.

"Resolved, That we earnestly insist that nothing less than the immediate, thoroughgoing and permanent righting of the tragic wrongs in the Congo Free State can satisfy the common conscience of Christendom."

girl whose engagement was recently announced, is the center of a gay round of society affairs. Mrs. Charles B. Wingate entertains tomorrow at an elaborate luncheon in her honor, and yesterday she shared the honors with Miss Grace Mehus of Los Angeles at the bridge party given by Miss Alice Treanor. There were six tables of players and the pretty prizes were won by Mrs. Harry Bates, Mrs. Frederick Palmer, Miss Florence Cole, Miss Gertrude Joffe, Miss Mollie Mathes and Miss Emily Chickering.

### COSMOS CLUB.

The Cosmos Club held a meeting yesterday with Mrs. Thomas Crall at her Albee street home. The prizes were carried off by Mrs. E. G. Lukens for members, and by Mrs. M. J. Cook for substitutes. The consolation prize was taken by Mrs. Egbert Stone.

### CALENDAR TEA.

Society maids and matrons are deep in preparation for the annual Fabiola calendar tea, which will take place next Saturday at the home of Mrs. Q. A. Chase on Webster street. No formal announcements have been sent out, but all the friends interested in Fabiola work are invited.

Among the receiving party will be Mrs. John Yule, Mrs. J. A. Folger, Mrs. Remi Chabot, Mrs. David Easterbrook, Mrs. George Dornia, Miss Wallace Everson, Mrs. A. D. Wilson, Mrs. McChesney, Mrs. S. A. O'Neil, Mrs. Q. A. Chase, Mrs. Oscar Luning, Mrs. James P. H. Dunn, Mrs. John Henry Dieck-

mann, Mrs. Oscar Fitzalan Long, Mrs. Henry Butters, Mrs. Traylor Bell, Miss Claire Chabot, Miss May Coogan, Miss Edna Prather, Miss Lucretia Burnham, Miss Sevilla Hayden, Miss Helen Dornia, Miss Gertrude Russell, Miss Evelyn Hussey, Miss Katherine Kutz, Miss Bessie Reed, Miss Lillie Reed, Mrs. George Chase and Miss Marie and Miss Marguerite Butters.

A CARD PARTY.  
Mrs. George Chase and Mrs. Traylor Bell entertain today at a card party for a quartet of recently engaged girls, Misses Chickering, Treanor, Downey and Goodfellow. The event which took place at the Chase home on Webster street was one of the prettiest of the year.

### CLUB AT DINNER.

Last Saturday evening one of the Five Hundred clubs held a delightful reunion and dinner in San Francisco, followed by a theater party. This congenial club includes in its membership Mr. and Mrs. Churchill Taylor, Dr. and Mrs. Harry Carlton, Mr. and Mrs. Wm. Eligh, Mr. and Mrs. Seth Mann, Mr. and Mrs. Frederick Daham, Mr. and Mrs. Felton Taylor, Mr. and Mrs. George Bornemann, Mr. and Mrs. Charles Lovell, Mr. and Mrs. William Miles.

### HOLIDAY PLANS.

With the entertainments planned for Thanksgiving week, the poor are not forgotten, and among the most successful of recent affairs given to raise

holiday funds was the "pound party," given at the home of Mrs. E. J. Dodge in Alameda. Mrs. Dodge had given the use of her home, and under the direction of Miss Blanche Tisdale an exceptionally good musical program was given, both afternoon and evening.

Miss Tisdale and Mrs. Mace Thompson, vocalists; Miss Martha Snow, violinist, and Miss Winifred Mastick, pianist, were participants in the day program, while equally delightful numbers were rendered in the evening by Miss Marion Coyle and Horatio Cogswell, singers; Mrs. Hughes, pianist, and Miss Sutphen, violinist.

Mrs. J. J. Allen has charge of the Doll Show this year for the little ones of the West Oakland home. On Thanksgiving Day the children will be entertained at a banquet provided annually by Harry W. Bishop, of Ye Liberty Playhouse, and Frank Graham, the manager of the theater, has invited the children to enjoy the Saturday matinee.

### CHILDREN'S PARTY.

Masters Alfred and George Loughran were the hosts at a party given to the Corinthian Club in honor of Dalton Mann, last Tuesday. The seven members were given a surprise by seven little maidens, who were hidden in the back parlor. The reception room was decked with ferns and palms, and the double parlors were beautifully decorated with similar and chrysanthemums. After playing games, the guests retired to the dining-room, where an elaborate supper was pre-

## CITY OF CHICAGO SEEMS DIVORCE-MAD

CHICAGO, Nov. 28.—This city has apparently gone divorce-mad. More than half a hundred cases of connubial discord were docketed on Saturday, and nineteen decrees of divorce were granted. Six judges were kept busy hearing the cases.

Seventeen divorce decrees were made on Friday, and on Thursday the families disrupted by legal proceedings numbered fourteen.

There is an increase in the number of petitions for divorce which come from all classes. The troubles of the members of the higher social, professional and business circles are surprisingly large. In nearly all of these cases other women are causes for the complaints of wives, while among the poor desertion is the reason given.

To show how serious the divorce evil has become in Chicago it is pointed out that on one day last week more families were broken up by divorce and death than were created by matrimony, according to the record of the Marriage License Bureau.

## CALENDAR TEA FOR BENEFIT OF FABIOLA

MISS EVELYN HUSSEY, who will assist at the Fabiola Calendar Tea next Saturday.

## Receptions and Card Parties Arranged This Week--Society Gossip.

pared for them. The table presented a pretty sight, in which the club colors, red and white, were effectively carried out. Red rose buds were given as favors. After supper the guests participated in the laughable game, "Our Donkey Party," in which Miss Lota Burnham succeeded in winning first prize. The consolation prize fell to the lot of Miss Bertha Stuart. Music was a feature of the evening, the young hosts and their sister, Miss Agnes, who helped to entertain, being musicians. The guests departed at a late hour and declared the evening a success.

Among those present were: Miss Helen Shakespeare, Miss Isabel Porter, Miss Mae Searies, Miss Lota Burnham, Miss Adeline Erickson, Miss Grace Edwards and Miss Bertha Stuart, Dalton Mann, Roy Erickson, Edie Holmes, Francis Flint, Niles Searies and the hosts.

CLASS REUNION.  
Mrs. Seth Mann entertained recently at a delightful class reunion of friends from Snell Seminary. Half a dozen classmates were pleasantly entertained, including Mrs. F. H. Butane, Mrs. H. S. Kargus, Mrs. Lora Stone of San Francisco, Mrs. Shepherd Jenks, Mrs. Robert Donald, of Portland, Or.

PERSONALS.  
Mr. and Mrs. Joseph Chancellor have returned from an extended visit in the East.

Mrs. R. W. Gorrill and Mrs. Grace Gorrill Gowing have returned from a pleasant visit at Los Gatos.

Mrs. A. Lowndes Scott and her son, Master Lowndes Scott, Jr., are expected home today after a year's absence in Europe and the Orient.

Miss Amy Broome of Santa Barbara is a guest at the St. Francis, visiting Mr. and Mrs. George D. Toy, who are spending the winter at that place. Miss Broome will be maid of honor at the wedding of Miss George Lacey and James Spalding of Honolulu on December 5, the ceremony to take place at the home of Mr. and Mrs. J. O'B. Quinn.

Miss Mary Nott is visiting relatives at Santa Cruz.

A. C. Lighthall spent last week in the Capital City.

H. W. Oliver spent a few days in Sacramento last week.

Steve Burke was visiting in College last week.

BOWLING BOXING BASEBALL RACING

WALTER CAMP PROPOSES NEW CHANGE IN FOOTBALL

INDEPENDENT TEAM WINS GAME

Columbia Park Team Goes Down to Defeat; 10 to 4

The crack Columbia Park team went down to defeat Sunday before the Independents of St. Mary's College. The game was an interesting one from start to finish. Some great plays were pulled off, the most phenomenal being an almost impossible catch by Midget Hart, the faithful guardian of the left potato patch. After obtaining the ball he wheeled around and sent the sphere on a nice bounce to the first baseman Sam Saunders, who succeeded in completing the double play.

Table with 10 columns: Player, AB, R, H, E, PO, A, E, etc. Rows include Hallinan, Dana, Saunders, Burns, Calopy, etc.

STARS PLAY A WINNING GAME

The Young Market-street Stars defeated the Young Eagles Sunday on the field at Eighth and Market streets, by a score of 3 to 0. The game was well played and had many bright features, especially the pitching of Elmer Phelan and the batting of M. Hallows.

THE SIGN OF A GOOD WHISKEY GIVE IT A TEST. On Sale at All First-Class Places.

WISE ONES MAKE A BIG CLEAN-UP

Real "Water-Melon" Was Cut in the Third Race on the Local Track.

JOCKEY KELLEY, who has been riding at the local track, but who is now under contract to ride for Multi-Millionaire R. A. Rainy at Ascot.

Despite the disagreeable weather, the attendance was good at Emeryville. The majority of fields were large. The day's opener was a sprint for maiden two-year-olds, and Mazel was the one to graduate. She was away flying and won unextended. Prince Nap, the first choice, was bothered the first part, but when he got through, finished like a cyclone. Would have won in a few more jumps. Frankie Pittner, a heavily played outsider, got some money.

With the numerous scratches by roundabout a cinch in the fourth, and he was always held at short odds of 7 to 10. Knapp rode him hard all the way, but he could never overtake Buchanan, who splashed twice to wire. The mud and won as he pleased by several lengths. Hasen Run dropped into third position.

MAY SELL HIS INTEREST IN PORTLAND BALL TEAM

PORTLAND, Nov. 28.—What is to be the future of the Portland Baseball Company? Changes have been of such frequent occurrence at the end of every season that the average fan who follows this side of the question, naturally looks for something to be doing, and the present year is apparently no deviation from the rule.

TEN YARDS

INSTEAD OF 5 TO GAIN

Expert Declares That Game Must be Played in Open to Avoid Brutality.

CHICAGO, NOV. 28.—THE ADOPTION OF A RULE REQUIRING A TEAM TO MAKE TEN INSTEAD OF FIVE YARDS IN THREE DOWNS, IS THE REMEDY WALTER CAMP, YALE'S ATHLETIC MENTOR, PROPOSED LAST NIGHT TO RELIEVE THE GAME OF FOOTBALL OF ITS DANGERS TO LIFE AND OF ITS BRUTALITY. MR. CAMP IS ON A VISIT TO CHICAGO.

Views of Stanford's Head

STANFORD UNIVERSITY, Nov. 28.—President David Starr Jordan returned Sunday from the East. He has issued in addition to statements published in Collier's Weekly, his opinion of the football question, which is now the topic of so many university professors, due to the number of fatalities. The head of the university, although not taking an aggressive stand one way or the other, shows where the changes must be made and also limits the game to youths of certain ages.

CITY COUNCIL AGAINST GAME

CHICAGO, Nov. 28.—Alderman Harris of the Ninth Ward last night introduced in the City Council a resolution requiring Corporation Counsel James Hamilton Lewis to prepare an ordinance prohibiting the playing of football in the city until the rules regulating the game have been modified and changed to eliminate the present danger of serious injury to players. The resolution was referred to the committee on health. The resolution is as follows:

SAYS FOOTBALL IS BRUTAL

NEW YORK, Nov. 28.—Francis S. Bangs, chairman of the Columbia University committee on athletics, pronounced football as played under the present rules and methods "a brutal and abominable game," and said that if he had his way it would be prohibited.

Table with 2 columns: Item, Price. Rows include The following are the weights, Thanksgiving Day handicap, Terms Rod, etc.

ASCOT NOTES AND TURF TALK

Horses by the Score Are Galloping Over the Track.

LOS ANGELES, Nov. 28.—With the call of the bugle for the first race less than a week away and with horsemen and patrons of the turf on the qui vive for the meeting to begin, the track at Ascot in the early mornings is about as busy a place as can be found. Horses by the hundreds are galloped or cantered over the track daily, and the work-people are watched with the keenest interest by the bunch of sharpshooters who hug the rail. The schooling barrier is being worked overtime and that portion of the field devoted to the timber tappers is not overlooked by the wise ones trying to locate a good thing for future use.

Yesterday the workouts exceeded in number those of any previous morning. Over two hundred horses were sent past the track at varying distances and in some of the workouts can be taken as a sample of their future work there will be some fast races when the season is under way.

Candidates for the Jonathan Clark handicap, the feature of the opening day of Thanksgiving, were out in plenty and the railbirds swarmed down for a line on the work of the state horses. They were disappointed, however, for most of the trainers were content to let their horses jog around the track and take things easy. Eugeneia Burch and Santon, considered by the advance agents for the dope sheet as the most promising to be nominated as winners of the opening day's feature, were jogged slow miles, and there was nothing in the line of speed.

The good ones which were out and allowed to extend at the trot or the gallop as fast as could be retried. Decade was sent half way around the track with fairly heavy bow up and the stop watches registered 43 seconds for the distance. Memories covered the five furlong race. The line of life and three others from the Rogan stable were sent over the same distance in a second round.

Barney Schreiber had two of his timber tappers out in the field yesterday and judging from the way they worked and the looks of them, they might be great things are expected of him the first few weeks of the meeting. During the summer the players had not been in the best of health and he was kept at Ascot to be conditioned for the coming meeting. He has really improved and is now in the best of health and seems to clear them as well as ever.

Mr. Patrick Murphy, who is better known to the local followers of the turf as the owner of Duffell than for any other reason, was the instigator of a huge joke on the rail yesterday morning and which was not a laughing matter to know the reason why. Pat was talking to a bunch and telling them that he had a horse named Water Wagon which was a real winner. He said that he had won the Kentucky Derby and the Preakness and the Belmont Stakes and that he was going to run him in the Ascot Handicap. The joke was a good one and the crowd was in a roar.

NEW RECORD IN RELAY RACE

NEW YORK, Nov. 28.—The world's record for the mile indoor relay race was broken last night at the annual games of the Twenty-second Regiment. The event decided the military inter-regimental relay championship, in which the Thirtieth and Twenty-third Regiments were the contestants. The former quartet won in the fast time of 8:27 2-5, which is 1 2-5 seconds better than the former record, held by the Twenty-third Regiment team. The Twenty-third Regiment team had a lead of five yards when H. L. Hillman Jr., representing the Thirtieth Regiment, and H. Valentine started on the final quarter. Hillman had overcome the lead and was at the first lap and won in a smashing finish.

TROTTERS ARE PUT ON SALE

NEW YORK, Nov. 28.—The Old Glory sale of trotting horses in Madison Square Garden entered its second week yesterday, with a total of 113 animals sold on the seventh day for \$31,235. The figures were low compared with those of the earlier days, and pulled the general average of the offering down to \$465, the sale to date having disposed of 777 horses for a grand total of \$360,485. The consignments offered yesterday were chiefly in small lots from many different breeders and turf men.

ARE YOU SURE?

you don't need glasses? It's a matter not to be trifled with—the care of such delicate organs as the eyes is the most important part of your health. If you eyes do not need the aid of lenses, have us examine them free of cost. If it be found necessary, we can and will supply glasses or spectacles at a fair price.

NEWS OF THE DAY FROM THE SUBURBS

TRUSTEES INSIST ON PLANS FOR THE NEW RELIC IS TO IMPROVE WEBSTER CHECKER-BOARD BOULEVARD NEGLECTED STREET ROADWAY

Refuse to Endorse Map Which Destroys Straight Street Lines of College Town.

BERKELEY, Nov. 28.—The Board of Town Trustees at its meeting last night took a stand against realty schemes which tend to destroy the street system of the college town. With an idea of keeping the checker-board plan always before real estate agents who open large tracts of property and cut streets through, the board last night took action against a plan whereby the agent would save money to the detriment, in their opinion, of the town. Representing a large realty holder, Attorney Gavin McNab, the San Francisco politician, appeared before the board with a plan to cut up the Regents tract and run three streets through it instead of five. In the latter case the streets would be continuous from the Regents tract on into the next block, but according to the plan submitted the contemplated thoroughfares would not join with the adjacent streets, but end just between two blocks. To show this disadvantage of the plan the board refused to endorse the map.

Much routine business was transacted by the board as follows:—  
Bids for grading, macadamizing, etc., the easterly one-half of California street in front of lot 5, block 1, State University Homestead Association No. 5, to Contra Costa Construction Co.  
Protests against opening Prince street between College and Claremont avenues, overruled. Eighth street, wooden sidewalk, Fraydon street, to Snyder avenue, to O. B. Brown, Fraydon street, cement sidewalk, between Grove and Sacramento streets, all overruled; Francisco street, grade and curb, between San Pablo avenue and Sacramento street, overruled.

**ORDINANCES.**  
Final passage of ordinance amending Ordinance No. 225-A. Concerning and regulating the sale, etc., of liquors within the Town of Berkeley.  
Ordinances read and passed to print: Adopting a method and system of numbering buildings and houses, providing rules and regulations; establishing the office of house numberer; conferring powers and fixing compensation, etc.  
Resolutions rescinding resolutions of intention passed as follows:  
No. 905-A—Cement walks on Ninth street between Bristol and Delaware streets.  
No. 916-A—Cement walks on Shattuck avenue from Prince street southwesterly.  
No. 918-A—Cement walk on Shattuck avenue between Dwight way and Blake street.  
No. 919-A—Cement walks on Telegraph avenue from Webster to Prince streets.  
No. 920-A—Cement walks on Ashby avenue from Telegraph to College avenues.  
No. 934-A—Cement walks on Webster street from College to Claremont avenues.  
No. 945-A—Cement walks on Klitridge street from Grove to Milvia streets.  
No. 930-A—For grading, macadamizing, etc., Milvia street between Channing way and Bancroft way.

FLAGMEN FOR RAILWAY CROSSINGS

Berkeley Board of Town Trustees Frame Ordinance to Protect Life.

BERKELEY, Nov. 28.—Flagmen at the railroad crossings will be a reality within the next month, as a result of the action taken by the Board of Trustees last night. The first reading of the ordinance designed for that purpose took place at last night's session. The new document, which provides for a flagman at Center street and at Adelino street, is the outgrowth of public protest which has been voiced for the past two years. The new ordinance reads:  
Section 1. All persons, firms or corporations, owning or controlling or operating any steam or electric railway upon Adelino street or Shattuck avenue in the town of Berkeley are hereby required to station flagmen and keep said flagmen so stationed at the following points during the hours of the day or night hereinafter mentioned to wit:  
At the intersection of Adelino street and Alcatraz avenue, between 7 a. m. and 7 p. m., and at the intersection of Center street and Shattuck avenue between the hours of 7 a. m. and 12 p. m.  
Section 2. No person, firm or corporation owning, operating or controlling any railway, engine or electric car upon Adelino street or Shattuck avenue in the town of Berkeley shall cause or permit the said railway engine or the said electric car to pass any of the points specified in section 1 of this ordinance until the flagman there stationed shall signal him or them to do so; provided, however, electric cars passing said points at other hours than those specified in section 1 for flagmen to be on duty.  
Section 3. Any person, firm or corporation violating any of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished by fine not exceeding \$200, and in case said fine shall not be paid, then by imprisonment in the County Jail in Alameda county at the rate of one day for every \$2 of the fine so imposed and remaining unpaid.  
The ordinance met with the unanimous approval of the board and was passed to print.

**Woman's Nightmare**  
No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering. Send for free book containing information of value to all expectant mothers.  
The Bradford-Regulator Co., Atlanta, Ga.

Spanish War Veterans Roast Trustees.

W. F. MCCLURE, TOWN TRUSTEE ORDER M'CLURE TO PREPARE

BERKELEY, Nov. 28.—The local Spanish War veterans are up in arms against the Town Trustees and at last night's meeting requested to be appointed custodians of the brass cannon on the town square at Center street. The communication voicing the protest reads as follows:  
To the Honorable Board of Trustees: Several years ago, through the efforts of Hon. Victor H. Metcalf, the War Department loaned to the city of Berkeley a bronze cannon taken from the walls of Manila. These cannon were loaned to cities throughout the United States, that they might be the means of inspiring patriotism into the rising and future generations. Also that the present generation might have before them a reminder of Dewey's glorious victory and the suffering and hardships endured by the American soldiers in the Philippines. In its present neglected condition the cannon resting on the Berkeley Plaza would entice just about as much patriotism as a piece of shapeless scrap-iron. It is a disgrace to the city of Berkeley that this historic trophy should be so neglected. That it may be placed in a presentable condition and properly cared for in the future, the Spanish War veterans of Berkeley ask that they be appointed guardian of this famous relic. If they are granted the right to care for this cannon, it is their intention to place it on a concrete foundation and surround it with a suitable fence with chains. Hoping that your honorable body will grant us the right that is really ours, I remain,  
H. W. JONES, Adjutant.

POLICE TO PHONE

Trustees Vote For Fire Department Alarm System Quick.

BERKELEY, Nov. 28.—At the meeting of the Town Board of Trustees last night a resolution was adopted calling for bids on a new fire alarm and police telephone system. This is something yet to be introduced in the college town, and its absence has often been held responsible for department inefficiency. Marshal Volmer appeared before the board last night and argued for the innovation and as a result of his remarks the board voted favorably.  
The system, when installed, will be paid for by the month and at the end of five years will be the property of the town. It will greatly assist the work of the police department and make rapid work possible. At the present time the members of the local force are required to use private phones in all parts of town and to ring in at regular intervals to the central office and report.

HOME IS BURNED

ELMHURST, Nov. 28.—H. R. McKenney is without a home. He is also without a wife at last accounts. His home, a little house near the Japanese nursery on the Kinsell tract, burned at 5 o'clock Sunday morning. There were only himself and his two little boys, aged five and eight years, in the house at the time. They barely escaped with their lives and the scantiest clothing. McKenney has had a good deal of trouble lately. On Friday morning his mother-in-law, accompanied by his wife, took five revolver shots at him, with him in the night most of the time down Kin-sell avenue toward home. None of the shots took effect.  
**RED MEN.**  
Comanche Tribe, No. 79, Independent Order of Red Men, has two pale faces to initiate this evening. The work will be done by the sororitarian adoption teams of the tribe—W. J. Parker, sachem; H. A. Craner, senior saganore; W. B. Roderfer, junior saganore; John Rogers, first saganap; J. Nillam, second saganap; S. Alvord, prophet.  
Brains and impudence is a combination hard to defeat.

PICTURE REFUSED

Library Board Objects to His Photo.

HAYWARD, Nov. 28.—Carpenters' Union, No. 515, at its meeting Saturday evening initiated two new members, M. L. Tullock and Peter Hansen.  
**ENDORSEMENT WANTED.**  
They initiated the secretary to report to Congressmen knowledge in answer to a letter from him, that they had not and would not endorse any one for the position of postmaster.  
The action of Library Trustees Oakes and Van Dyke in voting to place in the library the picture of G. W. Toyne, president of the union, one of the principal maintainers of the library before the Carnegie donation, at the request of forty-two leading citizens of Hayward, was endorsed. Library Trustees Russell, Reid and Allen voted against it being placed in the library. The forty-two petitioners as requested by the trustees, are asking the board to place the picture in the library. The trustees have made no decision. They may make one at a meeting of the Town Trustees; but it is understood from friends of theirs that the picture is to be placed in the library for the free public library of Hayward than others. It is hoped that the matter will be finally settled at the meeting of the town trustees.  
**PERSONALS.**  
Mr. Fairbanks, cousin of Vice President Fairbanks, is visiting D. S. Garwood.  
Ernest Garwood has twelve pair pure bred Homer pigeons at the poultry and pigeon show in San Francisco.

SEEKS TO GAIN PRISONER'S FREEDOM

Ferdinand Meyer, a deaf mute who says that he is unable to understand the sign language, and claims that he was sentenced to six months' in the county jail for vagrancy without knowing what was being done with him was before Judge Mr. W. Harris yesterday on a writ of habeas corpus in which he claimed that he was not believed the freedom of his citizen.  
Meyer was arrested in Berkeley and given the limit by justice of the peace Edgar. It was not believed that the story told by Meyer was correct. He was unable to talk with signs Meyer is able to write and answers questions in this way. His claim for freedom at the present time is based on the fact that a plea of guilty was entered for him without his knowing what was being done. The court record however shows that an interpreter was called and that Meyer entered his plea. In order to give Herald time to find any authority to attack the matter of the court record after it is once made the hearing was postponed until next Wednesday.

Project Discussed at Meeting of Alameda Advancement Association.

ALAMEDA, Nov. 28.—At the meeting of the Board of Directors of the Alameda Advancement Association last night there was some discussion of the project to improve the Webster street roadway. President Charles S. Neal said the West End Alameda Improvement Association wished to revive interest in the plan and interest the Oakland Board of Trade and the Pacific Improvement Company, and sought the co-operation of the A. A. A. In reorganizing the committee, Chairman Neal appointed Philip S. Teller, F. W. McCann and William E. Pettus to represent the Advancement Association.  
Mr. Neal said the roadway would be in a bad condition during the winter, as the Oakland Traction Company was going ahead with the work of putting in a new roadbed and laying standard rails. The temporary work done by the P. I. Company some months ago, which cost about \$5000, he said had proved a waste of money. Mr. Sheppard had conscientiously thought it was the thing to do, and that the Pacific Improvement Company was doing a generous act, but he had evidently made an error in judgment. The improvement of the roadway, would benefit all of Alameda.  
Chairman Neal, on motion of Director W. E. Pettus, was appointed to serve on a special committee to represent the various improvement clubs of this city. C. R. Smith represents the West End Improvers and E. F. Lamborn the Central Improvement Club on the committee.  
**TO MOVE POSTOFFICE.**  
ALAMEDA, Nov. 28.—The Alameda postoffice is to be moved into its new home in the Odd Fellows' building at the northwest corner of Park street and Santa Clara avenue on Thursday. The work of fitting up the interior has been rushed with this object in view, and as Thursday, Thanksgiving Day, is a holiday, the transfer can be accomplished without disrupting the service.  
The new postoffice is very handsomely fitted up, the partitions and all the woodwork being in solid oak, made in the East, being relieved by the ornate brass work of signs and letter drops.  
Upon entering at the direct left is the commodious private office of the postmaster. Next to this is to be seen, in the order mentioned, the registry window, the money order window, two general delivery windows (in the present office there is but one), and then the letter drops, adjoining which, in the rear, are the letter boxes, all of which will be new and of the latest improved pattern. The arrangement for the distribution of letters on Sundays direct to the sidewalk on the Santa Clara avenue side will prove a great convenience to patrons and facilitate the rapid handling of mail matter.  
**ANNOUNCE ENGAGEMENT.**  
ALAMEDA, Nov. 28.—The interesting announcement has been made of the engagement of Louis J. Liottick and Miss Bessie Frier, and the wedding is to be a pretty home affair on the evening of December 16, at the Frier residence, 2117 Santa Clara avenue. The bride is to be attended by her sister, Miss Louise Frier, while the groom will be supported by C. Henry White, Rev. William Norman Guthrie, rector of Christ Episcopal Church, is to officiate. Miss Frier is the daughter of Mr. and Mrs. George Frier, and is a favorite among her friends and acquaintances and friends in the city. Mr. Liottick is well known in fraternal circles across the bay, and is connected with Payot, Upham & Company.  
**AGAIN ACCUSED.**  
ALAMEDA, Nov. 28.—Charles G. Powell, a local contractor, applied yesterday afternoon to Judge Fred S. Cone for a warrant for the arrest of O. V. Vincent, former postmaster of Berkeley, and a one-time Alamedan, who he says bun-kod him out of \$25 by getting him to endorse a worthless draft for that amount last September, drawn on Christy & Wise, across the bay. Vincent, it appears, has been in trouble of a like nature in Oakland, but in those instances Powell changes his mind, and complaint is to be issued to him today.

QUARRY MUST GO

North Berkeley Fine Work by Folk Object to the Blasting.

BERKELEY, Nov. 28.—North Berkeley residents have determined that the quarry of the Spring Construction Company, operating within the town limits, must go. As the result of a communication received by the Board of Trustees last night the superintendent of streets will examine into the situation and report to the board.  
Blasting with dynamite at all hours of the day within the corporate limits of the college town is objected to. The letter is as follows:  
Gentlemen:—The undersigned desire to call to the attention of the Honorable Board of Trustees the fact that the operation of the stone quarry within the city limits of Berkeley in the northeast section of the town has assumed such proportions in the past year that, in our judgment, it has become a public nuisance. Great quantities of rock are removed each day, including Sundays, by blasting with gunpowder and dynamite. The quarry is located within about 125 feet of a public traveled road, which makes it unsafe to pass thereon, and the force and frequency of the explosions within the past year have occurred so often at most any hour of the day or night, disturb the peace and quiet of the community, and more particularly the residents of the Hopkins Terrace, La Loma Park and Windsor Tract properties, which are adjacent thereto. A serious feature of the operation of the quarry in that locality is the use, or rather abuse, of the streets in that portion of the town by the heavy loads of rock hauled over them each day. We are informed that from 50 to 100 loads are hauled over Euclid avenue almost daily, the loads averaging (including the wagon) from seven to eight tons weight. The result is that the streets on the steep grades in that part of the town are in a wretched condition. The culverts are broken, the curbing in many places is ground to pieces and the streets themselves are full of ruts and chuck holes. It is apparent that such a condition causes serious detriment to property values there and make residence in that section of the town far less desirable.  
We understand that the owners of this quarry claim that they will suffer loss by the regulation or prohibition of their business. We believe, however, on investigation, that the loss will be merely a reduction from the abnormal to the usual profits of this kind of business.  
In any event their interests are secondary to the welfare of the large number of residents and property owners in that vicinity who suffer financial loss by depreciation in the value of their property, and the right of citizens to enjoy security of life and limb and not to be disturbed in their homes.  
The Supreme Court of California has recently decided that a municipality in a proper case could prohibit blasting with explosives.  
The undersigned have been investigating this matter for some months, at the instance of the residents and improvement clubs of that vicinity, and suggest the passage of the ordinance herewith submitted as best calculated to remedy the evil.

ameda, Nov. 28

## TRIBUNE PATTERN SERVICE

NOTE—Your order is not sent East to be  
filled, but patterns are mailed promptly  
on receipt of order.

**LADIES' DAINTY DRESSING SACS.**  
Pattern No. 278; all seams allowed.

The dressing sack is a useful little  
garment and should be selected with  
thought for comfort and daintiness. A  
pretty little negligee is here shown, de-  
veloped in white lawn with bands of  
pink and white. It shows a front yoke  
and may be made with flowing or bishop  
sleeves and standing collar band or  
turn-down collar.

The pattern is in eight sizes—22 to 44  
inches bust measure. For 32 bust the  
sack with flowing sleeves and standing  
collar band requires 4 1/2 yards of ma-  
terial 24 inches wide, 4 yards 27 inches  
wide, 2 1/2 yards 36 inches wide, or 2 1/2  
yards 44 inches wide. 3 1/2 yard of con-  
trasting material 27 inches wide extra  
for collar and sleeve bands, and turn-down  
collar requires 4 1/2 yards 24 inches wide,  
4 yards 27 inches wide, 2 1/2 yards 36 inches  
wide, or 2 1/2 yards 44 inches wide. 3 1/2  
yards of ribbon for ties. Price, 10 cents

media shore. The remains had evidently been in the water some days. They were those of a man about 30 years old, weighing 140 pounds, and were dressed in ordinary laborer's clothes. There were no papers on the body, and nothing by which it could be identified except letters "D. H." tattooed on the right forearm.

Address. \_\_\_\_\_
